The image shows the top portion of the Chicago Pneumatic website. At the top left is the Chicago Pneumatic logo, consisting of a red 'CP' inside a circle, followed by the text 'Chicago Pneumatic'. To the right of the logo is a search icon and the text 'Select your language'. Below this are two navigation links: 'About us' and 'Careers'. The main content area is divided into three vertical panels, each with a black and white photograph and a red text overlay. The first panel shows a worker in a hard hat and safety glasses looking at a clipboard next to a red storage cabinet with the CP logo. The second panel shows a worker using a red and black pneumatic tool to work on a large, circular metal flange. The third panel shows the rear of a red mobile air compressor unit with the CP logo on its side. At the bottom of the first two panels, there is a small browser address bar showing 'Chicago Pneumatic Homepage - Chicago Pneumatic Work - Microsoft Edge' and a small globe icon with the text 'Chicago Pneumatic Ho...'.
